

SPRING CAMP

VOLUNTEER CAMP

Spring Camp 2017

„Spring Camp“ is a ten day event dedicated to the maintenance of hiking trails. It intends to promote eco-tourism and sustainable visions in Montenegro.

In the spring of 2017 this event will take place in the Mediterranean part of Montenegro in order to improve the conditions on the Coastal Mountaineering Transversal and to point out the beauty of this region to the volunteers. It aims to improve environmental awareness among the local inhabitants and to serve as an example for future activities of this kind.

„Spring Camp“ will conduct two parallel activities:

- * Volunteers will clear the overgrown trails, refresh the signage and collect plastic and other rubbish
- * A team of film makers will record the events in the camp thus making an easily accessible story about the event and the area where it would be conducted.

The volunteering “Spring Camp” will last 10 days, from the 6th to the 15th of May and will be based in three different campsites.

One of the three campsites is owned by a local family interested in hosting outdoor tourists. Our activities will open trails that will connect this camp site with the Coastal Mountaineering Transversal and directly support the local economy by improving the Transversal’s infrastructure.

Program:

Day 1 (06th of May)

- * Arrival of volunteers in Perast, Boka Kotorska Bay
